## Friday, 9<sup>th</sup> of September

### Responding to the unexpected

**The aim of the seminar:** Recent years have shown that emergency services are forced to act and respond events that are beyond the traditional scope of fire and emergency services. Complex emergencies are rising and the whole society is involved. What role do emergency responders play in managing immigration, deadly terrorist attacks or climate change? How to prepare and how to improve capacities?

**Moderator:** Mr Karim Peltonen, Director, Civil Emergency Preparedness, The Finnish National Rescue Association SPEK
